

July 15, 2020

To Our Valued Distributors,

Stretch film manufacturers implemented an increase on all stretch film products. On June 3, 2020, manufacturers announced a price increase of 6% effective June 29, 2020.

At Qspac, we do our best to hold larger inventories on the floor to react to these increases and keep our pricing as low as possible for as long as possible. We must notify you at this time that we will increase stretch film 4% effective August 17, 2020.

All purchase orders placed by August 14, 2020, must be will called or delivered no later than August 24, 2020. Purchase orders placed at old pricing will be subject to inventory on hand. New pricing will apply to all orders where out of stock items were replaced by new cost inventory. All special orders and manufacturer drop ships will be at new pricing.

Your sales representative will answer any questions related to the most recent increases on stretch film. They can also give you status of inventory levels and pricing.

We appreciate your continued business.

Sincerely,
